FireAlpaca Tutorial Basics!

Tips and Tricks on how I draw!

Notes and Credits

EDIT: Thank you for your kind words, I cannot reply to everyone but I really appreciate it ^^ Feel free to like the project if you enjoyed the tutorial.

FireAlpaca Tutorial! (some tips for other art programs!) My aunt requested me to do a tutorial before she died recently, thank you for being the best

◆ Please fullscreen for highest quality!
Press the arrows to advance or go to a previous slide!

Many of you have asked me to post an art tutorial xD

Please note that I have not covered all the tools in FireAlpacas because i've mainly covered the basic tools.

Scratch editor interface showing a project titled "Untitled-4". The interface includes a top bar with navigation links (File, Edit, Tutorials, See Project Page, Save Now) and a user profile (adifsulthan). The left sidebar contains a "Code" tab and a "Backpack" section. The main workspace displays a script for a cat sprite, starting with "when green flag clicked", followed by a "repeat" loop (3 times) containing "move 10 steps", "change x by 10", "say Hello! for 2 seconds", and "glide 1 secs to x: 205 y: -12". The right sidebar shows the "Sprite" panel with "Sprite1" selected, and the "Stage" panel with "Bear" selected. The bottom status bar indicates the system time as 8:47 and the date as 22/05/2022.

Scratch editor interface showing a project titled "Untitled on Scratch". The browser address bar displays "scratch.mit.edu/projects/855083358/editor". The user's name "adifsulthan" is visible in the top right corner.

The left sidebar contains the "Code" tab, which is currently selected. The "Motion" category is active, showing various movement blocks. The main workspace displays a script for the "Sprite1" (a cat character) that triggers when the green flag is clicked. The script consists of the following blocks:

- when green flag clicked
- repeat loop (10 times):
 - move 1 steps
- turn 15 degrees (clockwise)
- turn 15 degrees (counter-clockwise)

The right sidebar shows the "Sprite" panel, indicating the selected sprite is "Sprite1" (a cat character). The "Stage" panel is also visible, showing the current stage background.

The bottom status bar displays the Windows taskbar with various application icons, the system clock showing "8:36", and the date "22/05/2022".
